To preserve, interpret and present Central Alabama's architecture, history and culture.

Landmarks Foundation of Montgomery has worked to preserve, interpret, and present the architecture, history, and culture of Central Alabama since 1967. This has been made possible through the generosity of corporate partners like you!

Over the course of almost five decades, Landmarks has executed a number of successful restoration projects and established Old Alabama Town as a premier educational destination for tens of thousands of school children statewide. Today, our organization is the leading voice for the historic preservation movement in Montgomery, and our close work with the City and independent property owners continues to positively impact the quality of life in our history-rich community.

Our active role in the revitalization of downtown, continued advocacy for at-risk historic structures, and demonstrated commitment to community education and engagement is the direct result of the sustained giving and loyalty of our corporate partners. Your tax-deductible corporate membership will support our preservation initiatives and the wide array of public educational and outreach programs, exhibits, and events at Old Alabama Town. To join the Landmarks family, simply fill out the form, include your payment and return to the address listed above. We hope that you will join us and invest in our city's historic preservation.

Sincerely,

Collier Neeley
 Interim Executive Director
